

To all our members and friends,

It is an honor to serve as President of our Chamber this year. I appreciate and thank our Presidents and Directors who led our Chamber in these 31 years.

The "union conscience" highlighted by our first President, Mr. Jose "Pepe" Gonzalez, has been present in all our members throughout the years and now calls us to ratify our founders' original ideals and goals. Thus, with the experience of these years, the Board of Directors approved the objectives that will guide our team this 2022:

To support entrepreneurs and professionals residing in the United States who are immigrating or considering doing business between Peru and the United States.

Ensure that the members of the Chamber are satisfied with the services it provides, and increase our membership to 500 members during 2022

Highlight the contribution of Peruvian-Americans, for their professions, activities, and companies in the United States

I have complete confidence that we will achieve our goals and that this year will be great. We have an excellent team composed of outstanding professionals and notable entrepreneurs from different generations who together have started with great enthusiasm and camaraderie.

The 2022 Board of Directors:

President: Enrique V Chauca

Vice-President: Ivan Courrejolles

Past President: Jorge Chirinos

Secretary: Andrea Aguilar

Treasurer: Aaron Mont
